

Maximum capacity 125 kg, up to 3,5 meters in height

The ELC 720 lift is among the smallest and most practical in the world. Ideal for mounting awnings and pergolas, air conditioners or air ducts. Thanks to its size and low weight, it can be moved and handled very easily.

- IN EVIDENCE**
- ▶ Always ready to use
 - ▶ Security system
 - ▶ Wheels with brake (optional)

STRUCTURE

- Reliable and robust, it allows you to work in peace.
- The lifter is always ready, it does not require any particular assembly or mounting: it is sufficient to place it on the ground, position the stabilizing legs and house the platform (BC-02 supplied) on it.
- Once positioned, loads up to 125 kg can be lifted comfortably with one hand thanks to the winch, up to 3.5 meters.
- The ELC 720 is equipped with safety systems such as the descent arrest in case of steel cable breakage and braked winch.
- Loading platform height 1.35 m
- Platform dimensions 80x40cm.
